

Powerful, reliable and easy to use

DSU product family has four products which are DSU8, DSU10, DSU12 and DSU15. They have different tank capacities, an ergonomic design and they are easy to service.

DSU12 and DSU15 have an ECO working model to save energy. As standard, the machine is delivered with the following accessories: upholstery tool, crevice tool and round dusting brush.

HEPA filter is optional for these machines.

- Easy-to-use: Main switch which can be operated by foot or hand, cord wrap and hook function, accessory holder, tube holder and HEPA filter
- Simple and user-friendly: High maneuverability making transport easy
- Great value for money: ECO switch which can save energy in different cleaning situations. High motor power on 12L and 15L improving cleaning efficiency
- High quality construction

Suitable for daily indoor cleaning in offices, hotel rooms, small restaurants, retail outlets and light to medium duty applications.
